

PLANT THESE FRIENDLY FLOWERS to Feed Our Pollinators

Be Kind. Be Helpful. Be Friendly.

Bee Balm

A bee magnet
with a minty scent!

Black-Eyed Susan

Tough & cheerful.
Great for pollinators!

Borage

Beautiful & edible.
Bees go wild!

Calendula

Easy to grow
& oh-so-helpful!

Coneflower

Long blooming &
pollinator favorite!

Cosmos

Light & lovely.
Bees can't resist!

Daisy

Simple beauty,
big impact!

Dandelion

One of the first
foods of spring!

Foxglove

Tall & stunning.
Bees love the bells!

Lavender

Fragrant & hardy,
Bees adore it!

Sunflower

Seeds for birds,
nectar for bees!

Zinnia

Bright, bold &
bee approved!

COLOR THESE FLOWERS TO HELP OUR POLLINATORS!

BEE KIND TIPS

- ♥ Plant a variety of flowers.
- ♥ Skip the pesticides.
- ♥ Provide water & shelter.
- ♥ Let some flowers go to seed.

POLLINATOR FRIENDS WE LOVE!

Bees

Butterflies

Hummingbirds

Ladybugs

Thank you
for helping our
pollinators and
our planet!

TOGETHER WE CAN HELP NATURE BLOOM!
